

# iDS-7208HQHI-M2/S TURBO ACUSENSE DVR

### **Key Feature**

- Deep learning-based motion detection 2.0 for all analog channels
- Deep learning-based perimeter protection
- H.265 Pro+/H.265 Pro/H.265/H.264+/H.264 video compression
- HDTVI/AHD/CVI/CVBS/IP video inputs
- Audio via coaxial cable
- Up to 12-ch IP camera inputs (up to 6 MP)
- Up to 10 TB capacity per HDD

### **Compression and Recording**

- H.265 Pro+ video compression improves encoding efficiency, and reduces data storage costs
- Full channel recording at up to 1080p resolution

### **Storage and Playback**

- Two SATA interfaces
- Smart search for efficient playback

### **Smart Function**

- Deep learning-based motion detection, and perimeter protection (line crossing and intrusion detection)
- Support multiple VCA (Video Content Analytics) events for both analog and smart IP cameras

### **Network & Ethernet Access**

- Compatible with major Wi-Fi dongle products in the market
- Hik-Connect & DDNS (Dynamic Domain Name System) for easy network management
- Output bandwidth limit configurable

.

# Specification

| Motion Detection 2.0         |                                                                                         |
|------------------------------|-----------------------------------------------------------------------------------------|
| Human/Vehicle Analysis       | Deep learning-based motion detection 2.0 is enabled by default for all analog channels, |
|                              | it can classify human and vehicle, and extremely reduce false alarms caused by objects  |
|                              | like leaves and lights;                                                                 |
|                              | Quick search by object or event type is supported;                                      |
| Perimeter Protection         |                                                                                         |
| Human/Vehicle Analysis       | Up to 4-ch                                                                              |
| Facial Detection             |                                                                                         |
| Facial Detection and Capture | Face picture detection, face picture search                                             |
| Recording                    |                                                                                         |
| Video Compression            | H.265 Pro+/H.265 Pro/H.265/H.264+/H.264                                                 |
| Encoding Resolution          | When 1080p Lite mode is not enabled:                                                    |
|                              | 4 MP Lite/3 MP/1080p/720p/VGA/WD1/4CIF/CIF;                                             |
|                              | When 1080p Lite mode is enabled:                                                        |
|                              | 4 MP Lite/1080p Lite/720p Lite/VGA/WD1/4CIF/CIF                                         |
|                              | Main stream:                                                                            |
|                              | When 1080p Lite mode not enabled:                                                       |
|                              | For 4 MP stream access:                                                                 |
|                              | 4 MP lite@15 fps; 1080p lite/720p/WD1/4CIF/VGA/CIF@25 fps (P)/30 fps (N)                |
|                              | For 3 MP stream access: 3 MP/1080p/720p/VGA/WD1/4CIF/CIF@15 fps                         |
| Frame Rate                   | For 1080p stream access:                                                                |
|                              | 1080p/720p@15 fps; VGA/WD1/4CIF/CIF@25 fps (P)/30 fps (N)                               |
|                              | For 720p stream access: 720p/VGA/WD1/4CIF/CIF@25 fps (P)/30 fps (N)                     |
|                              | When 1080p Lite mode enabled:                                                           |
|                              | 4 MP lite/3 MP@15 fps; 1080p lite/720p lite/VGA/WD1/4CIF/CIF@25 fps (P)/30 fps (N)      |
|                              | Sub-stream:                                                                             |
|                              | WD1/4CIF@12 fps; CIF@25 fps (P)/30 fps (N)                                              |
| Video Bitrate                | 32 Kbps to 6 Mbps                                                                       |
| Dual-stream                  | Support                                                                                 |
| Stream Type                  | Video, Video & Audio                                                                    |
| Audio Compression            | G.711u                                                                                  |
| Audio Bitrate                | 64 Kbps                                                                                 |

| Video and Audio      |                                                                                          |
|----------------------|------------------------------------------------------------------------------------------|
| IP Video Input       | 2-ch (up to 10-ch)                                                                       |
|                      | Up to 6 MP resolution                                                                    |
|                      | Enhanced IP mode on:                                                                     |
|                      | 4-ch (up to 12-ch), each up to 4 Mbps                                                    |
|                      | ;Support H.265+/H.265/H.264+/H.264 IP cameras                                            |
| Analog Video Input   | 8-ch;BNC interface (1.0 Vp-p, 75 $\Omega$ ), supporting coaxitron connection             |
| HDMI Output          | 1-ch, 1920 × 1080/60Hz, 1280 × 1024/60Hz, 1280 × 720/60Hz,                               |
|                      | HDMI/VGA simultaneous output                                                             |
| VGA Output           | 1-ch, 1920 × 1080/60Hz, 1280 × 1024/60Hz, 1280 × 720/60Hz                                |
| CVBS Input           | PAL/NTSC                                                                                 |
| CVBS Output          | 1-ch, BNC (1.0 Vp-p, 75 Ω),                                                              |
|                      | resolution: PAL: 704 × 576, NTSC: 704 × 480                                              |
| Synchronous playback | 8-ch                                                                                     |
| HDTVI Input          | 3 MP, 1080p@30 fps, 1080p@25 fps, 720p@60 fps, 720p@50 fps, 720p@30 fps,                 |
|                      | 720p@25 fps                                                                              |
|                      | *: The 3 MP signal input is only available for channel 1/2 of iDS-7208HQHI-M2/S, and for |
|                      | channel 1/2/3/4 of iDS-7216HQHI-M2/S.                                                    |
| AHD Input            | 4 MP, 1080p@25 fps, 1080p@30 fps, 720p@25 fps, 720p@30 fps                               |
| HDCVI Input          | 4 MP, 1080p@25 fps, 1080p@30 fps, 720p@25 fps, 720p@30 fps                               |
| Audio Output         | 1-ch, RCA (Linear, 1 KΩ)                                                                 |
| Audio Input          | 1-ch, RCA (2.0 Vp-p, 1 KΩ)                                                               |
| Two-Way Audio        | 1-ch, RCA (2.0 Vp-p, 1 K $\Omega$ ) (using the first audio input)                        |
| Network              |                                                                                          |
| Total Bandwidth      | 96 Mbps                                                                                  |
| Network Protocol     | TCP/IP, PPPoE, DHCP, Hik-Connect, DNS, DDNS, NTP, SADP, NFS, iSCSI, UPnP™, HTTPS,        |
|                      | ONVIF                                                                                    |
| Remote Connection    | 64                                                                                       |
| Network Interface    | 1, RJ45 10M/100M self-adaptive Ethernet interface                                        |
| Auxiliary Interface  |                                                                                          |
| SATA                 | 2 SATA interface                                                                         |
| Capacity             | Up to 10 TB capacity for each disk                                                       |
| Serial Interface     | RS-485 (half-duplex)                                                                     |
| USB Interface        | Front panel: 1 × USB 2.0;                                                                |
|                      | Rear panel: 1 × USB 2.0                                                                  |
|                      |                                                                                          |

Alarm In/Out

N/A

| General               |                                            |
|-----------------------|--------------------------------------------|
| Power Supply          | 12 VDC                                     |
| Consumption           | ≤ 30 W                                     |
| Working Temperature   | -10 °C to +55 °C (+14 °F to +131 °F)       |
| Working Humidity      | 10% to 90%                                 |
| Dimension (W × D × H) | 380 × 320 × 48 mm (15.0 × 12.6 × 1.9 inch) |
| Weight                | ≤ 1.78 kg (3.9 lb)                         |

#### Note:

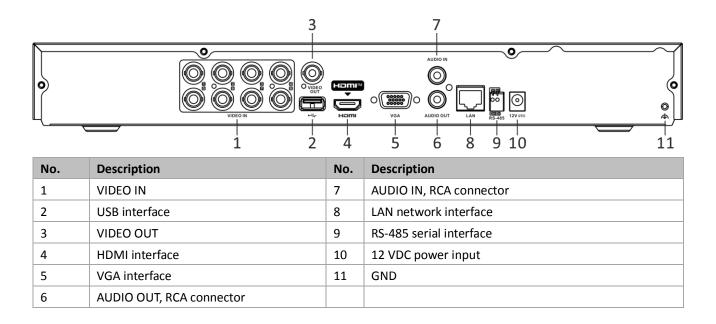

1: Motion detection 2.0 and perimeter protection cannot be enabled at the same time. Enable one function will make the other one unavailable.

2: Enhanced IP mode might be conflicted with smart events (motion detection 2.0 and perimeter protection) or other functions, please refer to the user manual for details.

3: The number of audio inputs and alarm in/out can be optional. The tag on the package will describe audio input and alarm in/out parameters. For example, "4A+8/4ALM" means your device has 4 audio inputs, 8 alarm inputs and 4 alarm outputs. If your device only has 1 audio input, the tag may not describe it.

## **Physical Interface**
