

iDS-2CD7587G0-XZHS(Y) 8 MP ColorVu DeepinView Varifocal Dome Network Camera

# - Deepin View

- High quality imaging with 8 MP resolution
- Excellent low-light performance via ColorVu technology
- Efficient H.265+ compression technology to save bandwidth and storage
- Clear imaging against strong back light due to 120 dB true WDR technology
- 5 streams to meet a wide variety of applications
- Water and dust resistant (IP67) and vandal proof (IK10)
- Unique PTRZ capability for efficient installation

## Function

#### **Face Recognition**

With embedded deep learning based algorithms, the camera is able to give the best shot of a target face through detecting, capturing, grading and selecting. The camera uses face exposure function to dynamically adjust face area exposure of captures and ensures high face picture quality.

Perimeter Protection

With embedded deep learning based target detection and classification algorithms, the camera carries out the duty of perimeter protection, monitoring the actions of line crossing, intrusion, region entrance, and region exiting. The algorithms greatly filter out the mistaken alarm caused by the interference of leafs, lights, animal, flag, etc.

Multi-Target-Type Detection

With the embedded deep learning algorithms, the camera detects and captures the face, human body, vehicle in the specified region.

Queue Management

With embedded deep learning based algorithms, the camera detects queuing-up people number and waiting time of each person. It can generate reports to compare the efficiency of different queuing-ups and display the changing status of one queue, and supports raw data export for further analysis.

### **Regional People Counting**

With the embedded deep learning algorithms, the camera supports people density detection and will upload detection data through scheduled uploading, number of people change uploading and congestion level uploading. It also supports number of people exception detection and waiting time exception detection.

#### On/Off Duty Detection

With the embedded deep learning algorithms, the camera supports absence detection and on/off duty detection. It can detect the on/off duty status and people number changes in a predefined area.

#### Heat Map

The camera can generate a graphic description of visits (by calculating amount of people or amount of dwell time) in a configured area.

#### **People Counting**

With the embedded deep learning algorithms, the camera integrates multiple intelligences. It counts persons and reports a face alarm simultaneously to achieve both the entrance control and people counting.

#### Hard Hat Detection

With the embedded deep learning algorithms, the camera detects the persons in the specified region. It detects whether the person is wearing a hard hat, and reports an alarm if not.

|   |  |  |
| Supports simultaneous detection and capture of human body, face and vehicle             |  |  |
| Gets 7 face features, 13 human body features and 2 vehicle features                     |  |  |
| Detects up to 60 faces simultaneously   |  |  |
| Supports swing left and right from -60° to 60°, tilt up and down from -30° to 30°       |  |  |
| Uploads face with background and closed-up face pictures                                |  |  |
| Up to 10 face libraries. Up to 30,000 faces for each library. 150,000 faces in total.   |  |  |
| Supports face library encryption  |  |  |
| Supports crossline people counting,   |  |  |
| Supports counting, displaying and exporting the people flow data of entering and        |  |  |
| exiting. (The data is stored in the flash.),  |  |  |
| The real-time people flow data is displayed on the screen. ,                            |  |  |
| Supports swing left and right from -60° to 60°, tilt up and down from -30° to 30°.,     |  |  |
| Uploads face with background and closed-up face picture.,                               |  |  |
| Supports real-time uploading and uploading by statistic cycle                           |  |  |
| Supports up to 8 detection regions, and independent arming schedule and linkage         |  |  |
| method  |  |  |
| Supports 2 detection modes: regional people queuing-up, waiting time detection          |  |  |
| Generates reports to compare the efficiency of different queuing-ups and display the    |  |  |
| changing status of one queue  |  |  |
| Supports raw data export for further analysis.  |  |  |
| Supports real-time data uploading and scheduled data uploading                          |  |  |
| Regional people queuing-up: supports 4 alarm trigger conditions, including greater      |  |  |
| than threshold, less than threshold, equal to threshold, not equal to threshold         |  |  |
| Waiting time detection: supports 1 alarm trigger condition, including greater than      |  |  |
| threshold   |  |  |
|   |  |  |

# Typical Application

Hikvision products are classified into three levels according to their anti-corrosion performance. Refer to the following description to choose for your using environment.

With -Y model: This model has MODERATE PROTECTION. Without -Y model: This model has NO SPECIFIC PROTECTION.

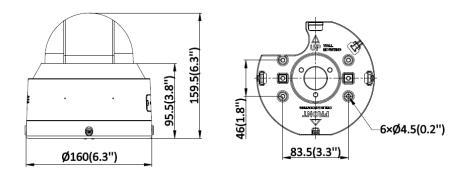

| Level                  | Description   |  |
|------------------------|---|--|
| Top-level protection   | Hikvision products at this level are equipped for use in areas where professional anti-<br>corrosion protection is a must. Typical application scenarios include coastlines, docks,<br>chemical plants, and more.   |  |
| Moderate protection    | Hikvision products at this level are equipped for use in areas with moderate anti-<br>corrosion demands. Typical application scenarios include coastal areas about 2<br>kilometers (1.24 miles) away from coastlines, as well as areas affected by acid rain. |  |
| No specific protection | Hikvision products at this level are equipped for use in areas where no specific anti-<br>corrosion protection is needed.   |  |

# Available Model

iDS-2CD7587G0-XZHS(2.8 to 12mm), iDS-2CD7587G0-XZHSY(2.8 to 12mm)

# Dimension

Unit: mm(inch)

| Camera Mounting Hole<br>(mm) | Camera Mounting Hole<br>(inch) |
|------------------------------|--------------------------------|
| Double Gang(4ר4.5)           | Double Gang(4ר0.2'')           |
| Single Gang(2ר4.5)           | Single Gang(2ר0.2'')           |

# Accessory

# Optional

| DS-1273ZJ-160<br>Wall Mount        | DS-1476ZJ-SUS<br>Corner Mount | DS-1475ZJ-SUS<br>Vertical Pole Mount | DS-1273ZJ-160-AKS<br>Wall Mount | DS-1271ZJ-160<br>Pendant Mount |
|------------------------------------|-------------------------------|--------------------------------------|---------------------------------|--------------------------------|
|                                    |                               |                                      |                                 |                                |
| DS-1475ZJ-Y<br>Vertical Pole Mount | DS-1476ZJ-Y<br>Corner Mount   |                                      |                                 |                                |
|                                    |                               |                                      |                                 |                                |

\*Anti-corrosion cameras (-Y models) are recommended to be used with anti-corrosion brackets (-Y and -AKS bracket models).
