

CMP-01

The sturdy AG Neovo CMP-01 ceiling mount pole designed for demanding public environments.

The combination of the CMP-01 and a variety of AG Neovo display mount kits provides comprehensive ceiling mount solutions for small- to large-sized professional displays. The adjustable height and 360 degree of pole swivel function can achieve various viewing angles with WMK-03, LMK-01 and LMK-02 tilt mounts. Designed for public environments, the CMP-01 ensures safety and reliability with the durable steel.

- > Ceiling mounting solution contains CMP-01 with optional WMK-03, LMK-01 and LMK-02 based on display sizes
- > Robust steel design guarantees durability
- > Cables are managed within the pole for concise appearance
- > 50 cm of height adjustment
- > Swivel left and right for 360°
- > Weight capacity: 60 kg per side*
